

It is outdoor entertaining season and I am sprucing up the pool in the patio area here at the cottage.

I've got so many friends and guests coming up this summer.

I've got new pillows, new pool towels, some new decorative lanterns, but before we do all of this we're gonna need some Cold Brew.

We're gonna do a little taste test of the Starbucks Cold Brews.

I'm gonna start with the Dark Chocolate Oatmilk.

This is so creamy and delicious and rich.

This is that perfect morning treat with the Dark Chocolate flavor that is a non-dairy option and it is so good.

Next up is the Vanilla Sweet Cream

This is smooth and balanced

With just the right amount of sweetness and that splash of cream

Okay wait this is so good too

Alright which one am I gonna keep?

I'll keep the Dark Chocolate Oatmilk and I'll give the Vanilla Sweet Cream to my sister

But I'm off to finish sprucing up the patio and then a much-needed dip in the pool.
