

You guys know I don't like to gatekeep, so let me put ya'll on to the Starbucks Cold Brews so you can make Starbucks café-inspired drinks right at home!

Here are the key ingredients to making the most delicious iced coffee, perfect for a hot summer day
Start with filling a glass with ice,

add the Starbucks Vanilla Sweet Cream Cold Brew,

froth the heavy cream, vanilla syrup, and a hint of mocha powder,

then fill to the top, and voila!

The best summer treat!
